## EXPRESSIONS UNVEILED

### Words from Superintendent Ravenelle

It is exciting for me to have been able to bring the tradition of a staff art show to another district. This event has served in the past to foster community awareness of the many talents of the public school staff beyond their commitment to education. My hope is that it can be added to the many wonderful traditions in Fitchburg and enrich us in the exploration of art.

Thank you to Jennifer Jones for her efforts in bringing this idea to reality. Special Thanks go to Clark Straight, owner of the Johnsonia Building and Gallery for hosting this event and for his continued passionate support of the Arts and school community.
